

Howdy!

Thanks for your interest in the annual Sombrero Ranches, Inc. horse drive. We hope you'll join us for this unique opportunity to push the largest horse herd in North America over 60 miles of open Colorado range

Space is limited and past riders will be given priority. Many of those riders have expressed interest in returning this year so spots are filling quickly. Each year it will get harder and harder to get involved since many past riders want to repeat this unique experience – so make your reservations now!

Sincerely,
Cody Rex Walker V.P.

Total cost per person is \$1850. For groups of 3 or more, \$1675 per person. Included in the price is food and lodging for five nights and days. Also included is transportation to and from the Yampa Valley Airport. We also give you tack and riding instructions.

A deposit of \$925 per person is required to hold your spot. Your check will be returned if no space is available. If an opening is available your space will be reserved and you will receive a reservation confirmation. Your deposit at that time becomes non-refundable, but you may have someone take your place. The remaining amt is due by April 1st.
